

TELEWORKING SOLUTIONS CONTINGENCY PLAN

Be Inform constantly of your teleworking employees' work progress and provide training to the newcomer.

Our collaborative business process management allows you to do that!

Be aware of the workload of each teleworker.

Be inform of the advancement of a specific file in process,

Have access to all documents attached to a file under process.

Supervisors can use various dashboards tools to evaluate the efficiency of each teleworker, the average process time, the file status as well as the ones overdue.

Process description provides newcomers to gain access to the knowledge of their peers.

It is possible! With our document management **Windoc** and Collaborative Business Process software **LogiPAC!**

Collaboration is the source of performance!

IF OUR EXPERTISE IS REQUIRED? We will support you!

PROCOL INC.

LOGIMAGE & WINDOC(EDMS)- **I-Blink- LOGIPAC** (BPM) –
Webdoc – WeScan – I-Class

DO YOU KNOW THAT?

Our solutions:

Can be integrated into any other software and can feed your accounting software, ERP, or other software!

Give you the ability to track all actions performed during the processing of a request through traceability!

Security: Allow document encryption for increased security, ensuring that any document classified by our software can only be accessed (decrypted) from our software.
